Come Into the Country—Here's an Interesting Suggestion

Construction Seems High When Figured on Dollar Basis

Fact Is Construction Is as Cheap as Before the War; Money Then Bought More Than It Does To-day; Contractors Working Close to Pre-War Levels

Painted walls are the vogue, in homes where good taste reigns, because they impart an unmistakable air of individuality and distinction. A good paint to use is Dutch Boy Flat Paint, which produces a soft, dull finish, long-lasting and easy to keep clean.

Savings Associations Get

ulding loans. I know of or large organization in Brocklyn that is leading money on nineteen homes under construction. Of course, in every instance the house will be occupied by its owner. Our associations are not engaged in financing speculators.

"New associations are also being organized from time to time. Bayside and St. George are the latest in this section, and associations are contemplated by Steinway employees at Association, and by citizens of Port Chester, Employers are awakening to the fact that when they are employees to enroll in these organizations they are advicing them both from the thrift and home angles. In these respects the savings and loan associations stand alone."
